LASTING ELEGANT ADAPTIVE PRACTICAL
LABORATORY SOLUTIONS FZC

Overview

At Laboratory Solutions, we excel in creating enduring laboratory furniture designed for rigorous environments. With a focus on crafting premium cabinets and countertops, we prioritize durability. Founded in 2015 within Sharjah SAIF zone, we seamlessly blend European quality with competitive pricing. Our cutting-edge European machinery, operated by skilled professionals, ensures excellence. Whether establishing new labs or enhancing existing ones, Laboratory Solutions offers comprehensive furnishing solutions.

Our adept CAD and graphic designers translate customer input into precise drawings, including plans, elevations, isometric views, and immersive 3D walk-throughs. Upon design approval, clients receive a detailed proposal featuring specifications and accurate cost assessments.

Our state-of-the-art production facility boasts machinery from Germany and Italy. Employing premium European raw materials and cabinet hardware, we guarantee unparalleled quality. Under the guidance of dedicated engineers, designers, technicians, and skilled laborers, our facility upholds a standard of precision. By seamlessly integrating meticulous craftsmanship, stringent quality control, and an unwavering commitment to detail, we consistently deliver products of the highest excellence:

- European Standards • Customized Solutions
- Value Priced • Quick Delivery

Presenting the LEAP range of laboratory furniture, a collaborative venture by Laboratory Solutions and H&H Scientific. This collection marks a new era, embodying durability, elegance, adaptability, and practicality. Crafted to meticulous European standards with premium European materials and hardware, it embodies quality and refinement.

Product Range

Laboratory Solutions offers following range of products manufactured by highest grade melamine faced particle boards, high pressure laminates and phenolic resin:

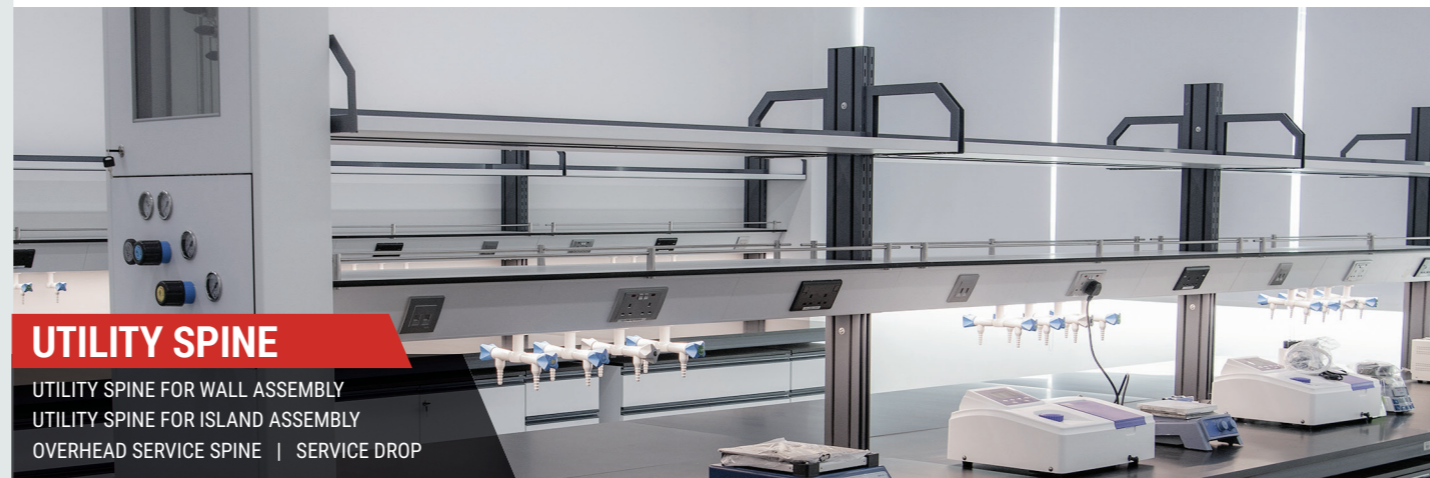

- Plinth Based Casework • Mobile Cabinets • Suspended casework • Storage Cabinets
